NATIONAL HEALTH CARE SUPPLY CHAIN WEEK

Health Care Supply Chain Strategic Partner in Care Delivery

October 3-9, 2021

National Health Care Supply Chain Week (SC Week), October 3-9, 2021, is an opportunity to recognize the importance of the health care supply chain professionals and honor them for their exceptional contributions to patient care and the innovative ways in which they support their health care organizations and communities.

Through every challenge the health care supply chain has faced during the COVID-19 pandemic, we have seen incredible collaboration and maximizing scarce resources through a formation of strategic alliances - the true embodiment of advancing health care through supply chain excellence.

In recognition of the hard work and dedication of supply chain professionals who support every area of health care organization, not just during the public health crisis but every day, the Association for Health Care Resource & Materials Management (AHRMM) proudly celebrates SC Week.

AHRMM invites you to commemorate SC Week 2021 with a new merchandise collection featuring the official 2021 logo and theme: Health Care Supply Chain | Strategic Partner in Care Delivery.

Begin planning your celebration activities now by ordering well-deserved gifts for your staff, colleagues and friends.

And don't forget to share your celebration photos with us on Twitter by tagging @ahrmmtweets and using #SCWeek21 during National Health Care Supply Chain Week.
